ISLEWORTH COUNTRY CLUB DRIVE

AN UNPARALLELED GOLF-FRONT TREASURE

Beyond the circular driveway with fountain and porte cochere entry, a pair of French doors open to the grand foyer featuring a curved staircase, wine cellar and polished marble floors with an intricate medallion inlay—all leading graciously into the more than 11,000-square-foot interior of this beautiful estate. Built by leading custom homebuilder Pellegrini Homes, the master-designed floor plan draws every room toward the home's most impressive feature: a magnificent two-story indoor swimming pool. The main floor features formal living and dining rooms, a home office, kitchen and master suite, while the upper level hosts the game room and additional en-suite bedrooms. In each room, discover a ceiling unique to that particular space—a detail that was hand-selected by the homeowners to create a truly unique living experience. The grounds showcase sprawling gardens with a custom fountain, walking paths, a butterfly garden, and impeccably maintained landscaping as well as a private motor court flanked by a pair of two-car garages.

Setting the tone for luxury living, the six-bedroom home offers an open two-story floor plan accented by hand-selected finishes and is perfect for entertaining on a large scale.

Beauty meets function in the center-island kitchen, where unique blue granite countertops complement dual ovens, a built-in Miele espresso machine, two Sub-Zero refrigerators, a walk-in pantry and custom cabinetry with multiple warming and cooling drawers.

Overlooking the living room below, the game room boasts a custom trophy case, ample storage and a bar with sink and refrigerator.

The expansive master suite opens to the indoor pool and features a custom headboard, his-and-her walk-in closets and a large bath with Jacuzzi tub.

In addition to the master, all bathrooms feature instant hot water, beautiful cabinetry, garden tubs, separate walk-in showers and floor-to-ceiling tile.

The massive indoor swimming pool boasts a spa, summer kitchen, ample deck space and two balconies accessed via spiral staircases.

The expansive and meticulously landscaped grounds take full advantage of the home site's unique shape overlooking Isleworth's 12th fairway.

ISLEWORTH

More than a century ago, Isleworth earned its namesake when pioneering citrus producers Sydney and Joshua Chase came across this bountiful piece of land dotted by lush orange groves and surrounded by lakes on nearly all sides. When it was discovered that the surrounding Butler Chain of Lakes insulated the citrus during a cold snap, the Chase family immediately recognized the worth of this place calling it an “Isle of Worth.”

For several decades, Isleworth thrived as a citrus-producing operation before golf legend Arnold Palmer uncovered its potential for a world-class golf course and country club. Leading its transformation from a vibrant citrus grove to a dream golf community, Palmer made his grand vision for Isleworth a reality in 1986.

In 1993, the Lewis family reimagined Isleworth by planting thousands of trees and flowers, installing a collection of important sculptures, and constructing magnificent estates fostering the most exquisite architecture to create one of the finest communities in the world.

To this day, Isleworth remains true to its name.

The 600-acre private golf community is situated among the pristine Butler Chain of Lakes, and is recognized as one the finest country club communities in the world by Travel + Leisure. Within its secure environment Isleworth has a wide array of amenities that suit every pursuit.
